President's Memo

President's Memo

Hello, all;

This has been a very hectic busy month for our group with all of the illness that has taken place over the last six weeks or so.

Seven of us and four cars were able to make it to the Texas Tour in Corsicana. The weather was good, I would rate the tour fair over all. I think Julia was the only one in our group that had any significant problems car-wise: the top of her convertible started to tear during the grand tour. She was able to make it back home o.k.

I got a first place in the fashion show. I believe we all won some item at the raffle drawings. Bill Lee took third in the Hubley races.

Tuesday the 17th fourteen of us meet for breakfast at the Athens Cafe, then six of us drove to Larue to pick blue berries and black berries. I think we all had a good time picking berries.

Twelve members and their cars made it to cruise night on the 19th. Danny and Shirley were not able to be there because of being sick.

As it was kinda discussed at the last meeting we will have a shade tree meeting in Ben Wheeler on the Fourth of July. Sandra suggested every one bring a chair to sit in. A sign-up sheet will be passed around for things that need to be done for IMAD.

Shorty is home on hospice. Doing about the same.

Ola Powell has had a massive stroke..in TMF hospital.

Eddy Powell is recovering from a serious sinus infection.

Danny Hempel has pneumonia. He is doing better.

Adron Neil has started radiation treatments in Tyler.

Walt Hellebrand has finished his cataract surgeries.

June 26 – From Wallace Kemp

I visited with Ola this morning, shortly after 8 and before any kind of therapy might be scheduled. The staff had me wear gloves during my visit to protect him. Ola could communicate by blinking his left eye lid, and he has some movement of his left hand. I told him a few funny stories and brought him up to date on a some things that are happening with which he is familiar.

Ola has a very long road ahead...and I believe he will be in Tyler for more than 6 weeks with more rehab ahead at another location. Consider visiting him He will appreciate the voice of someone he knows, and feel the warmth of a friend's hand.

Wallace

June 27 – From Walt and Virginia Hellebrand

Virginia and I visited this morning with Ola. When we arrived there was a therapist working with Ola on hand and eye movement plus hearing, she was able to connect with him she would move back and forth in front of him he would turn his head and follow her. She asked him to stick out one finger and he did then three fingers then two which he did correctly, she also put a cup and comb in each hand and asked Ola to grab the cup which he did and then the comb. This was encouraging to Virginia and myself. I stood there holding his hand for better than 30 minuets he would not let go, we talked in our own way and he answered with a hand squeeze. It was a very promising visit.

June 20 - From Jody Letchworth

Shirley called last night while we were at cruise night, she said the Dr's office had called and Danny has pneumonia and they want to see him again today. They will change his antibiotics and his breathing medication.

~~Tuesday~~ Wednesday Breakfast and Melton Rock

May 21, 2014

Report and photos by Lou Carpenter

The club met for the monthly breakfast at the Kitchen Table in Eustace.

After enjoying some good food and lots of socializing we formed a convoy with Bob & Jody leading the way.

The route was down some very scenic back roads.

At Melton Rock the cars were parked just below the rock outcropping. Some adventurous members climbed to the top for a terrific view.

A little later we all gathered around the picnic table for lunch. Everyone agreed it was a great day and something we should do again!

2014 Texas Tour - June 12-15, 2014 Corsicana, TX

Mid-June saw seven from the club, four cars, in Corsicana for the 51st Texas Tour. For those who didn't make it, you missed a good time.

The events included period fashion show, the Hubley Derby, technical seminars and the tour itself on Saturday. All these interspersed with catered meals or coffee and treats in the hospitality room at the host hotel.

The tour took is about 40 miles south from Corsicana to the old Fort Parker, being restored as an historical site. The trip home was highlighted when we passed by a ranch that had many beautiful bull elk just across the game-proof fence, laying under the trees in the shade or staying cool in the small lake.

Texas Tour in 2015 will be in
Beaumont.
