Ola Powell

Ola Eugene Powell was born in Wolfe City, TX to the home of Drew Andrew Jackson Powell, and Mary Elizabeth Shockley on October 31, 1935 and was sent into eternal rest on August 4, 2014 at the age of 78. Left to cherish his memories is his wife Edith Powell, children Shirley Wilburn, and husband Jeffery, Dennis Powell and wife Della, step-children David Walker Jr., Deborah Gooch, Timothy Walker, Christopher Walker, and Brian Walker, twenty-one grandchildren, and sixteen great grandchildren, and other family members. He is preceded in death by three brothers, and four sisters.

Sue: Our precious Ola passed away a little after 9 Monday evening. Although my heart is broken...I know he is so much better off....no more pain, no more suffering. Please pray for the family ...Dennis is so heart broken... Sue

Jody: We will miss his warm smile and great personality. The memorial services was well attended by the club members, Wallace, Bob & GG Beck, did a very good job speaking at the service.

Gigi: Ola quickly became my very good friend as well as Bob's. We had many discussions, he told so many funny stories about planes, and mishaps that I seriously do not think I shall ever fly again. Ola was always well groomed, and had a happy smile. Ever the gentleman, he was open to help anyone at anytime. Ola was a caring man that loved showing the high school kids his Model A cylinder head with the distributor attached to a drill motor and had the kids hold hands while having them gather in a circle. Then, on the electricity would go, they would scream, holler and then get right back in line again to do it all over as Ola gave them a higher dose. He could keep that thing going all day and have more fun than anyone.

The first time we went to see him in the hospital, we took flowers, a card and the first new patch for this years IMAD Day and Bob's cap. I leaned over and asked him if he knew me. He was holding Bob's hand and I touched the left side of his face, and he squeezed Bob's hand. I then proceeded to tell him that he was a very intricate part of our family and we loved him, and without him, Bob and I might never have met. He immediately began making noises and squeezed Bob's hand harder and began to cry. Bob and I to this day know that Ola knew us and understood. The next time we brought him a picture of Bob, Ola and Walt. He again held Bob's hand and cried. I left crying that day with a feeling of knowing that all of us who loved Ola were losing someone irreplaceable.

God Bless You Ola, our good friend.

President's Memo

Hello, all;

This has been a rough month for our club with the loss of Ola. We will miss his warm smile and great personality. The memorial services was well attended by the club members, Wallace Kemp, Bob & Gigi Beck did a very good job speaking at the service.

I want to thank Lou Carpenter for accepting the position of vice president.

We had a group of 17 for breakfast at the Mabank cafe on the 17th. It was great to see Shorty there and at cruise night on the 19th. There was a good crowd, with a couple of old new cars.

Welcome back to Bill and Sandra, from there trip across the big pond.

Hope to see a good group at the customer appreciation day sponsored by Prosperity Bank in Gun Barrel on Friday the 29th.

CEDAR CREEK MODEL A FORD CLUB

Minutes for August 5, 2014

The officers and board met at 5:00 pm to appoint a Vice President to fill the position of Ola Powell who passed away. Jody talked with several members. Lou Carpenter agreed to fill the Vice President office for the remaining year 2014.

President Jody Letchworth called the meeting to order at 5:30pm
She led in the pledge of allegiance to the flag.

Sue Capps read the minutes from the July meeting. Walt Hellebrand had one correction"plates and cups" is what he has for the IMAD.

Walt Hellebrand made the motion to accept. Chuck Sportsman seconded the motion.

Sue Capps gave the financial report. Chuck Sportsman made the motion to accept ..Billy Carpenter seconded the motion.

Jody asked if everyone had gotten the sad news that Ola Powell has passed away. Dennis Powell had called to say that the memorial service would be on Saturday, August 9 at the Moorhead Epps funeral home in GBC at 10:00am. We plan to attend as a group ...wearing our vests...and driving our Model A's.

Sunshine Report

Shorty Johnson is doing better. He was at the meeting.

Danny Hampel is doing better..eye..

A note from Poland

As Jody mentioned in her President's Notes, Sandra and I have returned from a trip to Poland. We spent about 10 days in a city northwest of Warsaw, Wloclawek, where I was once again team manager for the United States Control Line team at the model airplane World Championships.

After the competition, we traveled to Warsaw for a few days being a tourist, touring the city and seeing many of the historical things there. As I am sure you know, Warsaw was essentially destroyed in World War II, and the restoration has been significant with many places truly being restored, not just replaced.

On one day we traveled by train to Krakow, very beautiful city in southern Poland. Outside of the city we visited the Auschwitz Memorial. That is a very sobering site and one that everyone needs to see, just to remind us how easily evil can infect the leadership of a nation.

IMAD Planning

This information is included again in this newsletter. IMAD is rapidly approaching. **Please look this over carefully. Find the areas where YOU have (been) volunteered! Be prepared to add your name to the list, to help someone already identified, or to take over an item.** Please come to the club meeting Tuesday and fill in the list, or contact Jody or Chuck or Sandra or ... SOMEONE ... and let them know.

We badly need someone to be gathering the door prize items. It will look awfully bad if there are only one or two things to put out! And a single WORTHWHILE item for a final drawing, reminiscent of the quilt from Nancy Kemp a couple of years ago or the one from Lou last year.

We need door prizes...does anyone have any? Would you all consider buying some thing.....a wash bucket, bottle of soap, bottle of wax, wash mitts, blue towels, anything would help us out... *(I plan on making a pass through Harbor Freight to pick up a hand-full of "things". Bill)*

TOOL DEFINITIONS

(continued)

HACKSAW: One of a family of cutting tools built on the Ouija board principle. It transforms human energy into a crooked, unpredictable motion, and the more you attempt to influence its course, the more dismal your future becomes.

WISE-GRIPS: Generally used after pliers to completely round off bolt heads. If nothing else is available, they can also be used to transfer intense welding heat to the palm of your hand.

OXYACETYLENE TORCH: Used almost entirely for igniting various flammable objects in your shop and creating a fire. Also used to warp various items and cause people to jump like scared rabbits when the flame pops back and goes out.

TABLE SAW: A large stationary power tool commonly used to launch wood projectiles for testing wall integrity. Very effective for digit removal!!

HYDRAULIC FLOOR JACK: A device for lifting an automobile in theory but often moves a short distant only while the user works the handle repeatedly and exclaims, "What's wrong with this piece of junk?"
