EVER WONDER..... by **Bill Lee**

Why do supermarkets make the sick walk all the way to the back of the store to get their prescriptions while healthy people can buy cigarettes at the front?

Why do people order double cheeseburgers, large fries, and a diet coke?

Why do banks leave vault doors open and then chain the pens to the counters?

Why do we leave cars worth thousands of dollars in our driveways and put our useless junk in the garage?

Why the sun lightens our hair, but darkens our skin?

Why can't women put on mascara with their mouth closed?

Why don't you ever see the headline "Psychic Wins Lottery"?

Why is "abbreviated" such a long word?

Why is it that doctors and attorneys call what they do "practice"?

Why is lemon juice made with artificial flavoring, and dishwashing liquid made with real lemons?

Why is the man who invests all your money called a broker?

Why is the time of day with the slowest traffic called rush hour?

Why isn't there mouse-flavored cat food?

Why didn't Noah swat those two mosquitoes?

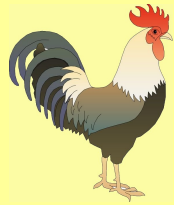

Why do they sterilize the needle for lethal injections?

You know that indestructible black box that is used on airplanes? Why don't they make the whole plane out of that stuff??

Why don't sheep shrink when it rains?

Why are they called apartments when they are all stuck together?

If flying is so safe, why do they call the airport the terminal?

Victorian Lady Tearoom

March 23

Jody called a planning session to work out details of the progressive dinner. To really get everyone motivated and thinking about food, she decided we should meet at the tearoom for lunch. And it seems it worked well. We now have a great progressive dinner on the calendar!

Updates on Sunshine Report

O.V. is going in next Wednesday, the 6th for a surgery to remove a skin cancer from his face. It is right at the temple and is rather large. The surgeon Said it needed to come off ASAP. It will require a skin graph. The tricky part is he will have to be off his blood thinner for 5 days and take a shot of a fast acting thinner to replace it. Please keep him in your prayers as it is always dangerous to put a 91 year old to sleep. Thanks from Eddy and JoAnn.

Jody is still having problems with her back.

Bob Letchworth is doing ok now. He did have a slight heart attack. The artery that the Doctor had done a angioplasty on in January had re aclosed. SO they did angioplasty in two different places In this vessel. No shortness of breath or chest pain since that procedure. He will see his cardiologist. Thanks for all your prayers and concern.

2016 MAFCA Convention News

Wed, 23 Mar 2016 23:55:30 -0400

Hello,

My name is Bill McNeill and I am a member of the Model A Ford Club of Colorado. As most of you know, in June, our club is hosting the 2016 MAFCA National Convention in Loveland, Colorado.

We have some wonderful events planned for the week, including seminars, fashion judging, vehicle judging, games, hubley derby and tours and a "Bucket Raffle." We are currently asking MAFCA chapters (or individual members) to support our convention by donating an item to this raffle. Anything related to the Model 'A' hobby or something unique to your area would be greatly appreciated.

Thank you for your consideration.
