President's Message

March 1, 2017

Hello All:

March is here, First Monday in Canton, the 2nd week-end is the Swap Meet also in Canton.

The monthly breakfast was held at Yesy's café, in Edom. We had a very good meal, thanks to Sandra & Bill Lee for making the arrangements. Gary & Carolyn Vick were also in attendance. Everyone enjoyed the food and fellowship.

I read an article in the "Model A Times" and it was suggested that we update our insurance. Have you added anything new such as a new paint job? What would it cost to replace your A?

I stopped by Harris Lege's shop last week and he was working on a rebuild on his water pump. He invited me to stay for a while and observe. I watched him and was very interested in what he was doing. Also, Harris and I are in the process of rebuilding a 6-volt starter to a 12-volt starter. We purchased the parts from "Snyder".

If you have a project, let me know and I will present it to our knowledgeable members. I feel pretty sure they will help out. Some of us might learn from your knowledge and experience.

Mikes A-Ford-Able Parts has his monthly special going on! "Super bright LED turn signal Lights" with all components for hook-up at the price of \$179.95 which was \$189.95. Special can be ordered 8:30am, March 3rd, through mid-night March 9th EST. Toll Free 1-888-879-6453. Phone number is 706-652-3866.

John Shore told me he has 3-booths at the swap meet, 2nd weekend at Canton. Stop by and look at his stuff.

See you at the DQ-Club Meeting, March 7th time 5:30pm.

Respectfully,
Gerald Phariss,
President

Thoughts

Just read that 4,153,237 people got married last year, not to cause any trouble but shouldn't that be an even number?

Today a man knocked on my door and asked for a small donation towards the local swimming pool. I gave him a glass of water.

I want to die peacefully in my sleep, like my grandfather.. Not screaming and yelling like the passengers in his car.

You know that tingly little feeling you get when you like someone?
That's your common sense leaving your body.

Did you know that dolphins are so smart that within a few weeks of captivity, they can train people to stand on the very edge of the pool and throw them fish?

My therapist says I have a preoccupation with vengeance. We'll see about that.
