

# The Running Board

September 2021

Vol. 19 No. 9

## President's Message

Dear Cedar Creek Model A Ford Club Members,

September is here and so are several upcoming events. Hope everyone is trying to stay well as COVID rises. We will meet at the Dairy Queen on September 7 for our meeting. Hope to see many of you there driving your As.

We had our coupe back for a couple of months then it went on a trip to Colorado with the Dallas Club, and it hasn't come home yet. Hope to get it back to drive to some of these upcoming events. Be sure to read on page 7 about the International Model A Day Tour.

Happy Model A Day!

*Chuck Cheshire*, President

**NAME AND PURPOSE**

This club shall be known as the Cedar Creek Model A Ford Club, a non-profit organization, hereinafter referred to as the "Club."

The purpose shall be to maintain, preserve and restore the vehicle known as the Model A Ford (1928-1931) and all things pertaining to the Model A Ford, including literature, historical and technical information.

**MEMBERSHIP**

Application for membership shall be made in written form. Applications shall be filed with the Secretary and accompanied by dues for the current year.

**RESTRICTIONS:** All members of the Club shall be restricted to members of either the Model A Restorers Club or Model A Ford Club of America national clubs. Members may be accepted without ownership of a Model A Ford; however, no member shall be permitted to hold office unless said member has owned a Model A Ford within the six month period prior to the official election date.

**DUES**

The annual dues shall be fifteen dollars (\$15.00) per year. Dues are for the calendar year. The annual dues shall include member and wife and shall be payable before February 1st. Any member may be suspended by the Treasurer for non-payment of dues at the expiration of thirty (30) days from February 1st.

**MEETINGS**

Regular meetings of the members of this Club shall be held on the first Tuesday of every month unless said day shall fall upon a legal holiday, in which case the meeting date shall be established by the Board of Directors.

MAFFI

The Cedar Creek Model A Ford Club (CCMAFC) was formed in 2002 in Henderson Co., Texas. The club's meetings are held at the Dairy Queen in Seven Points, Henderson Co., Texas near Cedar Creek Lake.

**Charter Members:**

- John and Wanda Bell
- Jim Bellah – deceased
- Bill and Sue Capps
- O. V. and Lorene (deceased) Cliver
- S. D. "Shorty" Johnson – deceased
- Olin Lewis – deceased
- Ola Powell – deceased
- Gene Tregre – deceased

## MEETING MINUTES

### Cedar Creek Model A Ford Club August 3, 2021 Meeting

President Chuck Cheshire called the meeting to order, and we all stood for the Pledge of Allegiance.

Our guest was Bill from the Kaufman Veterans group. He invited us to the military show being planned for Canton on October 19th and 20th.

Jerry and Janice Rogers joined the club. Welcome to our two new members!

The minutes were accepted with motions by Herman Dentler and Jody Letchworth.

Walt Hellebrand donated the \$87.15 he spent buying the club hats. A big "Thank You" to Walt for his generosity. Herman Dentler bought 2 hats for \$40 and Walt bought one for \$18.

There was no financial report because the secretary left it at home.

Lynda Dentler was the only birthday, and we all sang Happy Birthday to her.

The ice cream social is still set for Saturday, Oct 2. The sign up sheet will be passed around at the September meeting, and we will decide what we will bring.

Breakfast is set for Crandall at the Hot Rodz Cafe on August 17th.

Kathleen Vaghy is planning a paint party for September 14th. It will be at 1PM at Julia's Waterman's old house. Kathleen is supplying all the supplies, and Julia is serving the wine. Just show up with your artistic talents!

The Canton Swap meet is the weekend of August 6th Thursday to Saturday. John and Walt will both have Booths.

Our raffle raised \$60.

Meeting was adjourned at 6:00P

Respectfully submitted,  
*Lou Carpenter*

## Model A Ford Quiz

What color is it?

1931 Deluxe Roadster

*Answer on page 5*

## Breakfast at Hot Rodz Diner in Crandall, Texas

There were 17 club members for breakfast on Tuesday, August 14 in Crandall. Due to traffic issues it was a challenge for some getting to the Diner. All enjoyed the breakfast and fellowship. Three Model As made it for breakfast coming the back way.

Where should we go for breakfast in September?

## Sunshine News

by Lou Carpenter

Bob Letchworth finished his chemo treatments. Yay! Lillian Parker's condition is the same. Please remember Ken in your prayers. It is always hard on the spouse.

Everyone else seems to be staying well.

Stay safe as COVID is on the rise.

Keep us posted if you have a health issue.

We Care About You!

# Hello SEPTEMBER

"By all these lovely tokens  
September days are here,  
With summer's best of weather  
And autumn's best of cheer."

— Helen Hunt Jackson, *September*

"That old September feeling, left over from school days, of summer passing, vacation nearly done, obligations gathering, books and football in the air ... Another fall, another turned page: there was something of jubilee in that annual autumnal beginning, as if last year's mistakes had been wiped clean by summer."

— Wallace Stegner, *Angle of Repose*

"September days have the warmth of summer in their briefer hours, but in their lengthening evenings a prophetic breath of autumn."

— Rowland E. Robinson, Vermont

The closest full moon to the Fall Equinox is known as the Harvest Moon as its extra light allowed farmers to work late into the evening to gather crops.

The 2020 Harvest Moon rises behind Sean Henry's sculpture the Couple of Newbiggin-by-the-Sea in Northumberland, England. Photo by Owen Humphrey of PA.

Hello Everyone,

Fall is upon us as we enter September. Cooler touring weather ahead for the many October events, also.

In September we will celebrate International Model A Day with a day tour to Bullard, TX. Be sure to read the details on page 7. Walt Hellebrand has some Cedar Creek caps for sale. There are also some visors if the ladies are interested and soon some T-shirts. See you at the September meeting.

*Nancy Cheshire*

**From the Editor**

# An Interesting Invention from the Model A Era

By Walter Critchlow

Request for a Patent

Ser. No. 278,936. WALTER G. CRITCHLOW, Wheaton, Ill. Filed Feb. 6, 1929.

For Vapor Humidifier and Gas Saver for Use in Connection with Internal Combustion Engines. Claims use since on or about July 5, 1920.

## New Moisture Humidifier & Carbon Eliminator

for all Makes of Cars, Trucks, Tractors and Engines

An amazing NEW Scientific Vapor Humidifier and GAS SAVER has been patented throughout the World that beats anything ever gotten out before. It makes engines run ALL THE TIME with the same wonderful efficiency they do on a cool moist night. It gives MORE pep and power—HIGHER topspeed—automatically ELIMINATES hard carbon from engine—and causes engine to give AMAZING MILEAGE RECORDS NEVER EQUALLED BEFORE.

**ENTIRELY UNLIKE ANY OTHER DEVICE.** This startling invention is radically different from every other kind. It uses MOISTURE from the radiator and makes the car run like on a damp cool night. It is GUARANTEED to save from 1/4 to 1/2 the gas and oil, stop boiling and steaming, makes engine start easier in all kinds of weather, and completely de-carbonizes the engine as you run.

This new principle device has been extensively tested out by Technical Engineers and Experts and found to give vastly more mileage, with largely increased power and pep from the engine. With it the engine used approximately 90% air, 6% moisture and ONLY 4% of gas.

## Big Profits to Man with Car Spare or Full Time

\$350 to \$1500 a month

1 man \$4,329.00 in 3 1/2 months

Another \$1,656.00 in 60 days

\$5,150.00 in 6 months to another. **BIG MONEY** can be—**IS** being made

**Fitting Motors With Vix**  
One man sold 2 first morning

Another tells all 3 men can install

Another's profits as high as \$100.00 a day.

VIX will sell by 8 STARTLING DEMONSTRATIONS—BIG, STUNNING, ASTONISHING DEMONSTRATIONS. Invented VIX now makes MORE MONEY than they ever made before.

## Free Trial TRY This New Principle Gas Saver AT MY RISK

Try this wonderful VIX Moisture Humidifier and Carbon Eliminator AT MY RISK on YOUR OWN CAR to prove that VAPOR MOISTURE (drawn from Radiator to Engine) gives you that wonderful night driving effect ALL THE TIME with MORE mileage from gas and oil—eliminates hard carbon accumulation—gives MORE power, a SNAPPER, PEPPER motor, FASTER acceleration, a SMOOTHER, QUIETER running engine and HIGHER top speed.

VIX will PROVE ITS MONEY SAVING MERIT on your own car by 8 DEMONSTRATIONS—conducted by yourself AT MY RISK—the most SENSATIONAL, most ASTOUNDING, most CONVINCING DEMONSTRATIONS you ever saw. If you don't find from your tests that it does MORE than I claim: return it and it COSTS YOU NOTHING. I want wide-awake hustling, County, State, Province and National Agencies everywhere, part or full time, to make \$350 to \$1500 per month filling the great DEMAND for this wonderful invention wherever introduced. Write for my FREE TRIAL and MONEY MAKING OFFER. Use coupon below.

**WALTER CRITCHLOW**  
Inventor and Manufacturer, 804-X9 Street, WHEATON, ILL., U. S. A.

## FREE VIX Mail Now offer

**WALTER CRITCHLOW, INVENTOR and MANUFACTURER, 804-X9 Street, Wheaton, Ill., U. S. A.**

Please send me without obligation or charge your FREE TRIAL and MONEY MAKING VIX OFFER.

Name.....

Address.....

Pictures here and at top show Model "B" VIX attached to my own New Model A Ford. This car is wonderfully improved in performance with the VIX Moisture Humidifier. So is every Auto, Truck, Tractor, Taxi, Bus, Marine, Stationary and Aircraft Engine, both American and all Foreign makes.

**GUARANTEED TO SAVE 1/4 to 1/2 Gas Carbon Cleaning Engine Repairs or Costs You Nothing**

It was used on the Model T and the Model A Fords as well as other brands of cars.

In April of 1930 Ford owners reported 28 to 66 miles on one gallon of gas.

# Technical Tips

## Jim's Tech Tip

by Jim Cannon

### Working with Jack Stands

We frequently put our vehicles up on jack stands, to change the oil, grease the chassis, or adjust the brakes. I have a hard time seeing under the car, to see if I have the two jack stands on an axle set to the same height. I sometimes end up with the car leaning to one side or the other when I get one jack stand set to a different height from the other.

Here's what I've done to help my poor eyes: Use a paint pen and number every other ratchet tooth on each jack stand, so that you can quickly set the pair on an axle to the same height.

Holly has a nice collection of these paint pens in her craft stuff, so I borrowed a white one for a few minutes and added some numbers to the teeth. As you can see, the contrast of the white paint makes them easy to read from a distance. I now quickly get them set where I want them.

Until next time, Have a Model A Day! Jim

© 2007 Jim Cannon

Julia Waterman has these for sale.

If you are interested, contact her at 903-413-0183 or [longbasket1@hotmail.com](mailto:longbasket1@hotmail.com)

## IDLING

If you just can't seem to make your Model A idle properly (ta-puck-a-ta, puck-a-ta, puck-a-ta) like they are famous for, check the following:

1. Are your valves in good condition? No burned exhaust valves? Compression good?
2. Is the carburetor okay? Has it been checked out?
3. Is the distributor okay? New condenser, etc. ?
4. No excess play in the distributor linkage?
5. Do you have 3X Champion spark plugs? Are they fairly new plugs?
6. Is the spark plug gap 0.035" to 0.040"?
7. Look for possible leaks in the intake system like the manifold gaskets, cracked intake manifold, faulty windshield wiper hose or fittings.
8. Check for manifold leaks by spraying a very light liquid like WD-40 along the manifold to block gasket while the engine is idling. Does it slow down? If it does your manifold gaskets might be leaking. The gaskets could be improperly installed or the manifold surfaces could be warped.

## IGNITION SWITCH

The Ford pop-out switch (by Electrolock) is an ingenious device designed to prevent anyone from stealing your Model A. The theft proof cable will resist efforts to enter by file or hacksaw. The connection in the distributor not only is difficult to connect to, but there is a supposed to be a "bees wax" plug closing the distributor access hole. Even if you could jumper the distributor contact you could not start the engine because when the ignition is turned off, the entire ignition circuit is automatically grounded.

However, if the ignition switch should inadvertently be left in the ON position with no keys. The system could be jumped. It might be of interest to know that all Model A Fords sold in the Model A Era were equipped with the pop-out switches even though the design changed over the four-odd years of production.
